

## Italy Apostolic Ministry June 2015

**A**mazing, amazing, amazing. God's timings and sendings are everything! As Miriam and her apostolic team fulfilled the vision given to her to take the Rod of God to Venice, Italy, authority in the power of God opened the heavens over that area for the Gospel to have free course. As a prophetic apostolic team, eighteen of us took the Rod of God and the Music of the Spirit to one of the main international hubs of the world and to Italy's highways and byways in an extraordinary week of Holy Ghost ministry that reached people from many nations.

This ministry team, led by the Spirit, went into diverse places. We exercised authority over ancient powers arrayed against the Kingdom of God in that area. We ministered individually with gifts of the Holy Spirit, words of knowledge, healings, and prophetic words. Divine personal sendings and heavenly assignments were fulfilled. The gifts of the Spirit and the genuine love of Jesus profoundly touched many hearts. People eagerly received the Lord Jesus Christ and were in awe that He sent someone especially to them to minister exactly what they needed. ## Ministry Team in Action

Linda Nash playing and singing in a local restaurant where she had been divinely led to play and later found her music had ministered joy to the heart of a grieving mother. The mother was touched by God's spirit and received prayer from members of the team.

Elliot, Luigi, and Leslie – A divine appointment. Elliot, an engineer, and Leslie, an engineer and mechanic, meet Luigi, an engineer and mechanic, on a walk. Luigi traveled from Canada to Italy to receive injections for a back condition. Before he made the trip the Lord told him he would not need the injections. Elliot and Leslie prayed for his divine healing and Luigi received! He was very excited!

Amazed to have been led to a particular place in Cortina to pray. We were standing next to a building with a large picture of Saint Florian, the patron saint of firefighters. Before leaving for Italy Sabrina had a dream from the Lord which included firefighters climbing up scaffolding which surrounded the dome at The Basilica at St. Mark's Square. We knew we were exactly where we were supposed to be. Here a small team for this area that the Word of God and the spirit of truth would arise in this land. Prophetic song, worship and prayer went forth. As well as prayer to passersby.

The dream to Sabrina before arriving in Italy included a dome in disrepair and scaffolding. As we were led by way of the dream Sabrina began to understand that she had been given a divine assignment to execute the Rod of God's Authority at St. Mark's Basilica. Before dawn one morning, James and Sabrina left to take the train to Venice and arrive at the square before the morning crowd. There we raised the rods and took authority over spirits and raised the voice of God's Word and the spirit of the full truth of God's Word to go forth in this land to set the captives free! Another amazing adventure doing the work of the Lord as we were sent to Italy.

**We thank The Lord for all He accomplished in this mission for His glory.**
